

**New Hampshire Department of Health and Human Services
Planning Services for
Infectious Disease Prevention, Investigation and Care Section**

**ADDENDUM #1
RFP-2017-BIDC-09-PLANN**

On May 3, 2016, The New Hampshire Department of Health and Human Services, Bureau of Infectious Disease Control is publishing this Request for Proposals to seek Vendors to provide planning services for the Department's Infectious Disease Prevention, Investigation & Care Services Section.

Add 3.2.5.1 as follows:

- 3.2.5.1 The Vendor shall provide a climate-control refrigerator appropriate for storing medical supplies such as for storing test kit controls. The Vendor shall provide adequate, climate controlled space as to store prevention supplies and test kits prior to shipping.

Replace Section 4.1 as follows:

- 4.1. Financial Standards
The scope of work will be funded with federal funds. Department access to supporting federal funding is dependent upon the selected Contractor meeting the requirements in accordance with the United States Department of Health and Human Services:

Federal funds from the United States Department of Health and Human Services, the Centers for Disease Control and Prevention, CFDA #93.940, 93.977, and Health Resources and Services Administration, CFDA #93.917(<https://www.cfd.gov>)

There is up to \$93,800 available to support the work in this RFP for each State Fiscal Year.

Add Section 4.2.1 as follows:

- 4.2.1 The Department anticipates that 10-15% of the funding will be needed for preventions supplies, including test kits (See Section 3.2.5); 30 - 45% for subcontracts such but not limited to training and technical assistance, rental space; 7 – 10% on sponsored training.
